

EXHIBIT A

MEANING:

DAMAGES?

// DAMAGES ARE TO BE AWARDED
TO THE PLAINTIFF AS A FAIR
AND REASONABLE COMPENSATION
FOR THE LEGAL (\$) WRONG
DONE TO HER BY THE
DEFENDANT //

⊙ JURY QUESTION:

MEANING: CAN WE CONSIDER
LEGAL FEES AS "LEGAL
WRONG" //

Sandra Paek

Under "Damages", we are required.
"The object is to try to restore the
person to the position that she would
have been in had the wrong not
occurred."

What does this mean, considering that
we are only considering damages for
pain and suffering?
